

# Your RBI Grade B 360-Days Planner

| Designed by Teachers. Backed by Toppers. Made for You.

## Welcome, Future RBI Officer.

You have the next **10–12 months** in front of you.

And these months will decide whether you prepare like the **majority** — confused, anxious, and scattered — or like the **few who crack RBI** — calm, strategic, and consistent.

This planner is built for the **second category**.

## Objective of This Planner

This planner is designed to help you:

- **Cover the complete RBI Grade B syllabus**
- **Practice alongside preparation**, not after it
- Stay exam-ready for **RBI Grade B 2026** — without burnout

Every topic, every subject, and every week is placed with **clear intent**.

## Live Classes Structure

- **2 live classes every day**
- **1.5 hours per class**
- Morning + Evening sessions
- Concepts + application + practice, together

## Weekly Tests

- **2 tests every week**
- Test format:
  - RBI-grade objective questions
  - Descriptive components where relevant
- Tests are designed to:
  - Expose weak areas
  - Improve speed & accuracy
  - Simulate exam pressure

Every topic, every subject, and every week is placed with **clear intent**.

## Live Evaluation & Discussion

After every test:

- **Live discussion session**
- Detailed:
  - Answer explanations
  - Approach correction
  - Common mistakes analysis

You don't just see your score —

you understand **why you got it**.

## How to Use This Planner

- Think **weekly**, not daily
- Focus on **execution**, not perfection
- Trust the structure — it's designed to compound over time

💡 Some weeks will feel intense. That's normal.

Remember — you are preparing to become an **RBI Officer**.

## Key Do's

- You can Study **Mains & Prelims together**, as planned below
- Finish at least **50% of syllabus** before stressing about Current Affairs
- Focus on **concepts first, facts later**

## Key Don'ts

- Don't use social media mindlessly
- Don't pick random sources or multiple newspapers
- Don't chase information — chase understanding

Stay disciplined. Stay consistent.

This plan works **if you execute**.

## How This Planner Is Structured

This planner is divided into **two simple parts** to help you stay oriented throughout your preparation.

### Part 1: Planner Summary

In the next few pages, you'll see a **week-by-week summary** of the entire syllabus.

This section helps you understand:

- Which **subjects** are covered every week
- How many **weeks** each subject gets
- How the syllabus is **distributed across the year**

Think of this as your **roadmap** — it shows *where you are* and *what's coming next*.

### Part 2: Detailed Weekly Planner

After the summary, you'll find the **detailed version** of the same plan.

Here, every week is broken down with:

- Subjects & topics
- Live class structure
- Study focus for that phase

This section tells you **exactly what to do**, week by week.

## Planner Summary

### How to Read the Planner Summary

The summary table below gives you a **bird's-eye view** of the entire 360-day journey.

It shows:

- Which **subjects** are covered every week
- How many **weeks** each subject gets
- How the syllabus is **strategically distributed** across the year

This is not a rigid schedule — it's a **strategic map**.

Use the summary table below to understand **where you are** and **what's coming next**.

## Current Affairs Coverage (Throughout the Year)

### How to Do It Right

- **PIB 247 & RBI 247** → 8–12 months
  - **Spotlight Magazine** → 4–6 months
- Current Affairs runs **parallel** with static subjects.
- There is no “separate CA phase”.

Current Affairs is **not about memorising headlines**.

It's about **understanding impact, intent, and linkage**.

### How to Approach CA:

- Link CA with **ESI & Finance topics**
- Focus on **RBI-relevant developments**
- Read for **context**, not just facts

### Best Practices:

- Don't make bulky notes 
- Revise weekly, not daily 
- Understand the **“why” behind events** 

🌟 If your static concepts are strong,

Current Affairs becomes **easy and intuitive**.

👉 Finish the syllabus first.

👉 Current Affairs never ends — syllabus does.
